Iméra - Core Call for Applications 2026 - 2027

More information to apply 

Iméra
Institute
for Advanced Study
Aix-Marseille Université

Context

6 fellowship positions distributed across **4 research programs: Arts & Sciences: Indisciplined Knowledge; Interdisciplinary Explorations; Mediterranean, and Necessary Utopias.**

Location

Iméra, Marseille, France, at the heart of the Longchamp park.

Residency duration

10 months (September 2026 - June 2027)
5 months (September 2026 - January 2027 or February - June 2027)

Publication of selection results: **early February 2026**

Who can apply?

Any interested **researcher** may apply for **only one position** among those offered.

Applicants who are former Iméra residents may reapply at least 5 years after their initial research stay.

Why apply?

Participating in an **intercultural, international** and **interdisciplinary** context;

Immersing oneself in a **bilingual environment**;

Experimenting with new forms of **collective intelligence**;

Networking opportunities with other fellows, the Aix Marseille Université research community, and partners...

Requirements

- An active knowledge of **French** and/or **English** (written and spoken) is essential. Linguistic skills in both languages are desirable due to the bilingual context of Iméra;
- **Identifying key local resources** related to the research theme and outline the envisioned **collaboration**;
- Committing to participating in the weekly **Community Building Seminar**, one of Iméra's central activities, and other scheduled activities.
